

Concluding Report of the first Chief-Editor of Resenhas.

After eight years as Chief-Editor of Resenhas, I am quitting. This is the last issue under my direction.

During this period Resenhas published 105 invited papers written by 158 authors. I thank all the authors for supporting our journal and for the high quality of their contributions.

I wish good luck to the new Chief-Editor Francisco Cesar Polcino Milies. The complete list of authors published by Resenhas with the titles of their contributions appears at the end of this issue.
